

2017 Wholesale Price List

*Serving Our Customers with
A Full Line of Quality Products*

***Our mission is to provide
excellence through a single-focused
commitment to you, our customer.***

Your satisfaction is our primary concern.

Our History:

ThermCraft, Inc., founded by Maurine and Ray Summers, opened its doors to the Sacramento area in June of 1988. Maurine and Ray recognized the need to provide local printers with quality products, competitive prices, and exceptional service. These became the principles upon which ThermCraft was built. Maurine used the skills she acquired raising 7 children to organize all the details of creating and running a company. Ray used his talents as a successful salesman around the country to build the business. Their initial goal was one order a day. Ray would hop in the car and drive around calling on customers looking for that one order. As time went by, the goals were increased and the company grew. Two sons, Ray and Tom, eventually joined the business. ThermCraft grew from a small print shop serving just the Sacramento area to a large printer that reached throughout Northern California and Northern Nevada. As ThermCraft expanded into new territories, it also expanded the selection of products it provides. Rubber stamps, foiling and embossing, full service bindery, full color printing, large format, and laser engraving have been added over the years as ThermCraft continues to recognize the needs of the printing industry.

Today:

ThermCraft continues to grow and expand into new territories and added capabilities. The commitment to provide the printing industry with quality products, competitive prices, and exceptional service remains the focus of the business. Thank you for putting your trust in ThermCraft all these years.

Large (12" x 24")	18.00	17.25	16.25																																																														
Square (24" x 24")	27.50	26.75	25.75																																																														

INK: We use environmentally friendly, 6 color process, UV inks. Colors may vary depending on the media. We cannot guarantee PMS color matching. We print directly on the media surfaces, there is no laminating.

FILE PREPARATION: For the best quality use high resolution images.

DOUBLE SIDED PRINTING: For printing on both sides, multiply front side cost by 1.5.
